CONGRESS TITLE

EUROASIA International Congress on Scientific Researches and Recent Trends-XII

DATE AND PLACE

November 29-30, 2023 - Ankara TÜRKİYE

ORGANIZATION

**Baku Euroasian University, Azerbaijan
Institute of Economic Development and Social Research (IKSAD)**

HONORARY PRESIDENT OF CONGRESS

**Baku Eurasia University Rector
Prof. Dr. Nazım HÜSEYNLI**

HEAD OF ORGANIZING COMMITTEE

Prof. Dr. Gülzar İBRAHİMOVA

HEAD OF SCIENTIFIC COMMITTEE

Prof. Dr. Salih ÖZTÜRK

GENERAL COORDINATOR

Merve KİDIRYUZ

PARTICIPANTS COUNTRIES (32 Countries)

Türkiye (171 paper)

Ukraine, Azerbaijan, India, Indonesia, Iran,

Morocco, Algeria, Pakistan, Nigeria, Saudi Arabia, Georgia, Serbia, Vietnam, Portugal,

United Kingdom, Albania, Malaysia, Tunisia, Romania, Russia, Taiwan, Bosnia and

Herzegovina, Senegal, Kosovo, Germany, Bulgaria, Slovakia, Hungary, Uzbekistan,

Kazakhstan, Ethiopia (180 paper)

Total Accepted Article:351

Total Rejected Papers: 32

***All applications have undergone a double-blind peer review process**

CONGRESS ORGANIZING COMMITTEE

Prof. Dr. Nazım HÜSEYNLI
HONORARY PRESIDENT OF THE CONGRESS
Baku Eurasia University Rector

Prof. Dr. Gülzar İBRAHİMOVA
HEAD OF ORGANIZING COMMITTEE
Vice Rector of Baku Euroasian University

Prof. Dr. Salih ÖZTÜRK
ORGANIZING BOARD MEMBER
Namik Kemal University

Prof. Dr. Mahire HÜSEYNOVA
Azerbaijan State Pedagogical University
ORGANIZING BOARD MEMBER

Dr. Elşad MİRBEŞİROĞLU
ORGANIZING BOARD MEMBER

Assoc. Dr. Nigar HÜSEYNOVA
ORGANIZING BOARD MEMBER
Baku Eurasia University Vice Rector

Assoc. Prof. Dr. Siyavuş GASİMOV
MEMBER OF ORGANIZING COMMITTEE Baku Euroasian
University

Günhan HÜSEYNLI
MEMBER OF ORGANIZING COMMITTEE
Baku Euroasian University

Assoc. Prof. Dr. Mansim MAMMADOV

MEMBER OF ORGANIZING COMMITTEE

Baki Euroasian University

Assoc. Prof. Dr. Salman SÜLEYMANOV

ORGANIZING BOARD MEMBER

Dean Of Baku Eurasia University Faculty Of Philology

Assoc. Prof. Dr. Müttelim REHİMOV

MEMBER OF ORGANIZING COMMITTEE

The Dean of Baki Euroasian University Economy Facult

Assoc. Prof. Dr. Elmira MAMMADOVA-KEKECH

ORGANIZING BOARD MEMBER

Baku Eurasia University Department Chair

Assoc. Prof. Dr. Sevda RZAYEVA

ORGANIZING BOARD MEMBER

Baku Eurasia University Department Chair

Assoc. Prof. Dr. Yasin QARAMEMMEDLI

ORGANIZING BOARD MEMBER

Azerbaijan State Pedagogy University

Assoc. Prof. Dr. Saadat SHIKHIYEVA

MEMBER OF ORGANIZING COMMITTEE

Baki Euroasian University

Assoc. Prof. Dr. Ruslan ABDULLAYEV

ORGANIZING BOARD MEMBER

Baku Eurasia University

Assist. Prof. Dr. Muntazir MEHDI

MEMBER OF ORGANIZING COMMITTEE

National University of Modern Languages, Islamabad Pakistan

Chief Editor of EUROASIA JOURNAL of Social Science

Assoc. Prof. Dr. Gülahmet İMANOV

MEMBER OF ORGANIZING COMMITTEE

Baku State University

Elvan CAFEROV

Azerbaijan State Pedagogy University

Dr. Bauyrzhan BOTAKARAYEV

MEMBER OF ORGANIZING COMMITTEE

Hodja Ahmat Yassawi University

Dr. Cavit POLAT

MEMBER OF ORGANIZING COMMITTEE

Igdir University

Dr. Mariam S. OLSSON

MEMBER OF ORGANIZING COMMITTEE

Chief Editor of EUROASIA JOURNAL of Applied Sciences

Merve KIDIRYŪZ

Congress General Coordinator

İKSAD Institute

SCIENCE AND ADVISORY BOARD

Prof. Dr. Nazım HÜSEYNLI

HONORARY PRESIDENT OF THE CONGRESS

Baku Eurasia University Rector

Dr. Gülzar IBRAHIMOVA

HEAD OF ORGANIZING COMMITTEE

Vice Rector of Baku Euroasian University

Dr. Gulzar Isahan

Bakü Avrasya Üniversitesi (Rektör Yardımcısı)

Congress on Scientific
Researches and Recent Trends-XII

CONGRESS PROGRAM

November 29-30, 2023

Baku Eurasian University & IKSAD Institute

Meeting ID: 897 0755 8402
Passcode: 121212

Participant Countries (32):

Türkiye, Ukraine, Azerbaijan, India, Indonesia, Iran, Morocco, Algeria, Pakistan, Nigeria, Saudi Arabia, Georgia, Serbia, Vietnam, Portugal, United Kingdom, Albania, Malaysia, Tunisia, Romania, Russia, Taiwan, Bosnia and Herzegovina, Senegal, Kosovo, Germany, Bulgaria, Slovakia, Hungary, Uzbekistan, Kazakhstan, Ethiopia

IMPORTANT, PLEASE READ CAREFULLY

- ❖ To be able to attend a meeting online, login via <https://zoom.us/join> site, enter ID “Meeting ID or Personal Link Name” and solidify the session.
- ❖ The Zoom application is free and no need to create an account.
- ❖ The Zoom application can be used without registration.
- ❖ The application works on tablets, phones and PCs.
- ❖ The participant must be connected to the session 5 minutes before the presentation time.
- ❖ All congress participants can connect live and listen to all sessions.
- ❖ Moderator is responsible for the presentation and scientific discussion (question-answer) section of the session.

Points to Take into Consideration - TECHNICAL INFORMATION

- ◆ Make sure your computer has a microphone and is working.
- ◆ You should be able to use screen sharing feature in Zoom.
- ◆ Attendance certificates will be sent to you as pdf at the end of the congress.
- ◆ Requests such as change of place and time will not be taken into consideration in the congress program.

Önemli, Dikkatle Okuyunuz Lütfen

- ❖ Kongremizde Yazım Kurallarına uygun gönderilmiş ve bilim kurulundan geçen bildiriler için online (video konferans sistemi üzerinden) sunum imkanı sağlanmıştır.
- ❖ Online sunum yapabilmek için <https://zoom.us/join> sitesi üzerinden giriş yaparak “Meeting ID or Personal Link Name” yerine ID numarasını girerek oturuma katılabilirsiniz.
- ❖ Zoom uygulaması ücretsizdir ve hesap oluşturmaya gerek yoktur.
- ❖ Zoom uygulaması kaydolmadan kullanılabilir.
- ❖ Uygulama tablet, telefon ve PC’lerde çalışıyor.
- ❖ Her oturumdaki sunucular, sunum saatinden 5 dk öncesinde oturuma bağlanmış olmaları gerekmektedir.
- ❖ Tüm kongre katılımcıları canlı bağlanarak tüm oturumları dinleyebilir.
- ❖ Moderatör – oturumdaki sunum ve bilimsel tartışma (soru-cevap) kısmından sorumludur.

Dikkat Edilmesi Gerekenler- TEKNİK BİLGİLER

- ◆ Bilgisayarınızda mikrofon olduğuna ve çalıştığına emin olun.
- ◆ Zoom'da ekran paylaşma özelliğine kullanabilmelisiniz.
- ◆ Kabul edilen bildiri sahiplerinin mail adreslerine Zoom uygulamasında oluşturduğumuz oturuma ait ID numarası gönderilecektir.
- ◆ Katılım belgeleri kongre sonunda tarafınıza pdf olarak gönderilecektir
- ◆ Kongre programında yer ve saat değişikliği gibi talepler dikkate alınmayacaktır

**Before you login to Zoom please indicate your name surname and hall number,
exp. H-1, Merve KIDIRYUZ**

ÖZET

Bu çalışmanın amacı, turizm işletmelerinin finansman elde etme yöntemlerine güncel bir bakış sunmaktır. Bu bağlamda, geleneksel finansman yöntemlerinden modern ve yenilikçi finansman yöntemlerine kadar birçok konu ele alınacaktır. Ayrıca, bu çalışma, turizm sektöründe finansmanın önemini ve bu alanda yapılan yenilikçi çalışmaların sektöre katkılarını ortaya koymayı amaçlamaktadır. Bu bağlamda literatür taraması yapılmıştır. Çalışma sonunda turizm sektörü yöneticilerine ve turizm işletme sahiplerine veya yeni girişimcilere öneriler sunulmuştur.

Anahtar kelimeler: Turizm işletmeleri, finansman, yenilikçi finansman yöntemleri, dijital finansman

ABSTRACT

The aim of this study is to provide an up-to-date look at the methods of obtaining financing for tourism businesses. In this context, many topics will be discussed, from traditional financing methods to modern and innovative financing methods. Additionally, this study aims to reveal the importance of financing in the tourism sector and the contributions of innovative studies in this field to the sector. In this context, a literature review was conducted. At the end of the study, suggestions were presented to tourism sector managers and tourism business owners or new entrepreneurs.

Keywords: Tourism businesses, finance, innovative financing methods, digital finance

GİRİŞ

Turizm sektörü, dünya genelinde ekonomik büyümenin önemli bir motoru olarak kabul edilmektedir. Bu sektör, birçok ülke için önemli bir gelir kaynağı olup, istihdam yaratma potansiyeline sahiptir. Ancak, turizm işletmelerinin sürdürülebilir bir şekilde faaliyet gösterebilmeleri için finansmana ihtiyaçları vardır. Finansman, işletmelerin faaliyetlerini sürdürebilmeleri, genişleyebilmeleri ve rekabetçi kalabilmeleri için gereklidir. Bu bağlamda,

turizm işletmelerinin finansman elde etme yöntemleri üzerine yapılan çalışmalar büyük bir öneme sahiptir.

Finansman, bir işletmenin faaliyetlerini sürdürebilmesi, genişleyebilmesi ve rekabetçi kalabilmesi için gereken kaynakların sağlanması sürecidir (Fisu vd., 2022). Geleneksel finansman yöntemleri arasında banka kredileri, öz sermaye ve ticari borçlar yer almaktadır. Ancak, globalleşen dünyada ve hızla değişen ekonomik koşullarda, işletmelerin finansman ihtiyaçları da değişmektedir. Bu nedenle, modern finansman yöntemleri ve yenilikçi finansman şekilleri üzerine yapılan araştırmalar büyük bir öneme sahiptir (Sayabaev vd., 2016).

Özellikle turizm sektöründe, işletmelerin finansman ihtiyaçları ve bu ihtiyaçları karşılama yöntemleri üzerine yapılan çalışmalar, sektörün sürdürülebilirliği açısından büyük bir öneme sahiptir (Hailiang, vd., 2023). Yenilikçi finansman yöntemleri arasında yeşil finansman, yenilenebilir enerji finansmanı gibi sürdürülebilirlik odaklı finansman yöntemleri yer almaktadır (Onufereva vd., 2020). Bu yöntemler hem işletmelerin finansman ihtiyaçlarını karşılamakta hem de sürdürülebilir bir turizm sektörü yaratmada önemli bir rol oynamaktadır.

Bu çalışmanın amacı, turizm işletmelerinin finansman elde etme yöntemlerine güncel bir bakış sunmaktır. Bu bağlamda, geleneksel finansman yöntemlerinden modern ve yenilikçi finansman yöntemlerine kadar birçok konu ele alınacaktır. Ayrıca, bu çalışma, turizm sektöründe finansmanın önemini ve bu alanda yapılan yenilikçi çalışmaların sektöre katkılarını ortaya koymayı amaçlamaktadır.

KAVRAMSAL ÇERÇEVE

Finansman, işletmelerin faaliyetlerini sürdürebilmeleri, genişleyebilmeleri ve rekabetçi kalabilmeleri için gereken kaynakların sağlanması sürecidir. Turizm işletmeleri için finansmanın sağlanması, sektörün özellikleri ve dinamikleri göz önünde bulundurularak ele alınmalıdır.

GELENEKSEL FİNANSMAN YÖNTEMLERİ

Bu yöntemler, banka kredileri, öz sermaye ve ticari borçlar gibi klasik finansman yöntemlerini içerir. Ancak, bu yöntemler genellikle büyük ölçekli işletmeler için daha uygundur ve küçük ölçekli turizm işletmeleri için her zaman uygun olmayabilir (Horiashchenko, vd., 2022).

Turizm işletmelerinin finansmanı, işletmenin büyümesi, sürdürülebilirliği ve rekabet edebilirliği için önemlidir. Turizm işletmeleri için kullanılabilecek çeşitli finansman yöntemleri şunlar olabilir (Çağlar, 2019):

Kredi ve Borç Finansmanı: İşletme genellikle banka kredileri veya ticari borçları kullanarak sermaye sağlayabilir. Bu, işletme için kısa vadeli veya uzun vadeli finansman sağlama imkanı sunar. Turizm işletmeleri genellikle sezonluk dalgalanmalara tabi olduğundan, kısa vadeli finansman ihtiyaçlarına hızlı yanıt verebilirler.

Öz Sermaye: İşletme sahipleri veya ortaklar kendi kaynaklarından sermaye koymayı tercih edebilirler. İşletmeler, önceki yıllarda elde edilen karları işletme büyümesi veya iyileştirmeleri

için kullanabilirler. Bu, işletmenin sermayesini artırmak veya projelerini finanse etmek için kullanışlı bir yöntemdir.

Hisse Sermayesi: Turizm işletmeleri, ek sermaye sağlamak için hisse senedi ihraç edebilirler. Bu, işletmeyi daha fazla yatırımcıya açma ve sermayeyi artırma yolunu açar.

Leasing ve Kiralama: İşletme ekipmanlarını kiralamak veya leasing yoluyla elde etmek, nakit akışını koruma ve büyük yatırımlardan kaçınma imkanı sağlayabilir.

Devlet Destekleri ve Teşvikler: Birçok ülke, turizm işletmelerini desteklemek amacıyla çeşitli teşvikler ve hibe programları sunmaktadır. Bu programlar, işletmelerin gelişimini finanse etmelerine yardımcı olabilir (Karakaş vd., 2019).

İşbirliği ve Ortaklıklar: İşletmeler, diğer işletmelerle işbirliği yaparak projeleri finanse edebilirler. Ortaklık veya işbirliği anlaşmaları, finansmanın ve riskin paylaşılmasına yardımcı olabilir (Graci, 2016).

Turizm işletmeleri, finansman ihtiyaçlarına ve hedeflerine bağlı olarak bu yöntemleri bir arada veya ayrı ayrı kullanabilirler. İşletmenin finansman stratejisi, işletmenin büyüklüğü, faaliyet alanı ve özel gereksinimlerine uygun olarak tasarlanmalıdır.

YENİLİKÇİ FİNANSMAN YÖNTEMLERİ

Yenilikçi finansman yöntemleri, geleneksel finansman araçlarına alternatif olarak veya bunlarla birlikte kullanılan yöntemlerdir (Lin, vd., 2022). İşte bazı yenilikçi finansman yöntemlerinin örnekleri:

Açık Kaynak Finansmanı: Açık kaynak finansman, işletmelerin projeleri veya yazılımları geliştirmek için açık kaynak topluluğundan finansman veya katkı almasına dayanır. Açık kaynak finansmanı yöntemleri; bağış kampanyaları, abonelik modelleri, sponsorluklar, devlet ve hükümet destekleri ve kitle fonlaması olarak sıralanabilir. Açık kaynak finansmanı, yazılım geliştirme, araştırma projeleri, içerik oluşturma ve diğer birçok alanda kullanılır. Açık kaynak finansmanı, projelerin topluluklarla işbirliği yaparak daha sürdürülebilir ve katılımcı hale gelmesine yardımcı olur. Kickstarter, Gofundme ve Iniegogo platformları örnek olarak verilebilir (Kumar, vd., 2022).

Kitle Fonlaması (Crowdfunding): Kitle fonlaması, genellikle internet üzerinde projelerin, ürünlerin veya işletmelerin finanse edilmesi için bir grup insanın küçük miktarlarda finansman sağladığı bir yöntemdir. Crowdfunding platformları, girişimcilerin, yaratıcıların ve işletmelerin yatırım toplamalarına yardımcı olur (Tulum ve Burak, 2019).

İşte kitle fonlamasının temel özellikleri:

Çeşitli Projeleri Destekleme: Kitle fonlaması, sanat projelerinden teknoloji girişimlerine, sürdürülebilirlik projelerinden küçük işletmelere kadar birçok farklı türde projeyi desteklemek için kullanılabilir.

İnternet Tabanlı: Kitle fonlaması, genellikle online platformlar üzerinden gerçekleştirilir. Bu platformlar, projeyi tanıtan bilgileri, resimleri, videoları ve finansman hedeflerini içerir.

Küçük Miktarlar: Bireyler, küçük miktarlarda finansman sağlarlar. Her katkıda bulunan kişi genellikle projenin gerçekleşmesine destek olmak amacıyla küçük bir miktar para verir.

Karşılıksız Destek: Kitle fonlaması katkıları genellikle karşılıksızdır, yani katkıda bulunanlar projenin kârına veya hisse senedi sahibi olma hakkına sahip değildirler.

Karşılıklı Sosyal Katkı: Katkıda bulunanlar, projeyi veya girişimi desteklemek istedikleri için finansman sağlarlar. Bu, projeyi destekleyenler ve geliştirilenler arasında topluluk duygusu yaratır.

Kitle fonlaması, projeyi geliştirmek veya başlatmak isteyen girişimciler ve yaratıcılar için finansman toplamanın bir yolunu sunar. Projeler, genellikle belirli bir finansman hedefine ulaşıldığında gerçekleşir. Kitle fonlaması, projeyi yaratıcıların ve girişimcilerin daha fazla bağımsızlıkla ve topluluk katılımıyla geliştirmelerine yardımcı olabilir. Bu finansman yöntemi, projelerin daha büyük bir kitlenin ilgisini çekmesini ve topluluk tarafından desteklenmesini sağlar (Çağlar, 2019).

Blockchain ve Kripto Paralar: Blok zinciri ve kripto paralar, finansmanın ve ödemelerin daha hızlı ve düşük maliyetli bir şekilde gerçekleştirilmesini sağlar. Bu teknolojiler, geleneksel finans sistemlerine alternatif olarak kullanılır.

Initial Coin Offerings (ICO): ICO, kripto paraların yaratılması ve finanse edilmesi için kullanılan bir yöntemdir. Şirketler veya projeler, kripto paralarını piyasaya sürer ve yatırımcılar bu paralara yatırım yaparak projeyi finanse ederler (Kshetri, 2023).

ICO'nun temel özellikleri şunlardır (Bulut, 2022):

1. Kripto Paralarla Gerçekleştirilir: ICO, yatırımcılara genellikle Bitcoin (BTC), Ethereum (ETH) veya başka bir kripto para birimi karşılığında proje tokenleri sunar. Yatırımcılar bu tokenleri satın alarak projenin erken aşamasına katkıda bulunurlar.
2. Kripto Para Projeleri İçin Kullanılır: ICO, özellikle yeni bir kripto para veya blok zinciri projesi başlatmak isteyen geliştiriciler ve girişimciler tarafından kullanılır. Bu proje, belirli bir kullanım amaçlarına hizmet eden dijital varlıkları oluşturmayı amaçlar.
3. Yatırımcılar Karşılık Almazlar: ICO katkıları, genellikle karşılıksızdır ve yatırımcılar projenin başarısından pay almak için hisse senedi veya kâr payı haklarına sahip olmazlar. Yatırımcılar daha çok projenin tokenlerini alırlar ve bu tokenlerin değeri zaman içinde artarsa, yatırımcılar kar elde edebilir.
4. Riskler ve Regülasyon: ICO'lar yatırım yapma fırsatı sunsa da, yatırımcılar için yüksek risk içerir. ICO'lar genellikle düzenleme eksikliği nedeniyle yatırımcılar için daha riskli olabilir ve dolandırıcılık tehditleri bulunabilir.

5. Kısa Süreli Hedefler: ICO'lar, genellikle kısa vadeli hedeflerle düzenlenir. Projenin belirli bir finansman hedefine ulaşması durumunda ICO sona erer ve tokenler yatırımcılara dağıtılır.

ICO'lar, kripto para projelerinin finansmanını sağlamanın ve topluluklarına katılmanın bir yolunu sunar. Ancak yatırımcılar, bu tür finansman yönteminin yüksek risk taşıdığını ve dolandırıcılıkla karşılaşma olasılıkları olduğunu unutmamalıdır. Ayrıca, birçok ülke düzenlemeleri kripto paralar ve ICO'lar üzerine uygulamaktadır, bu nedenle yatırımcılar yerel yasal gereklilikleri anlamalı ve izlemelidirler (Antoniadis, vd., 2020).

Peer-to-Peer (P2P) Krediler: P2P kredi platformları, bireylerin veya işletmelerin kredi taleplerini doğrudan yatırımcılara sunmasına olanak tanır. Bu platformlar, geleneksel bankaları ve aracılara atlayarak kredi verme işlemini basitleştirir (Kuhzady, vd., 2022).

P2P krediler, kredi verenler ve kredi alıcıları arasında bir platform veya aracı tarafından kolaylaştırılır. Bu platformlar, kredi başvurularını değerlendirme, faiz oranlarını belirleme ve ödeme işlemlerini izleme gibi işlevleri yerine getirir (Çonkar ve Canbaz, 2018).

P2P kredilerin temel özellikleri şunlar olabilir (Gürünlü, 2018):

1. Doğrudan Kredi İşlemleri: P2P kredilerde kredi alıcıları, kredi taleplerini online platformlarda ilan ederler. Kredi verenler, bu ilanları inceleyerek kredi sağlama kararı alırlar.
2. Daha Düşük Faiz Oranları: P2P krediler, geleneksel bankalara göre daha düşük faiz oranları sunabilir, çünkü aracı kurumların işlem maliyetleri genellikle daha düşüktür.
3. Risk Değerlendirmesi: P2P platformları, kredi başvurularını değerlendirir ve kredi alıcılarının kredi geçmişlerini, gelirlerini ve kredi risklerini analiz eder. Bu, kredi verenlerin daha bilinçli kredi verme kararları almasını sağlar.
4. Daha Hızlı ve Kolay İşlem: P2P krediler, geleneksel bankalardan daha hızlı bir şekilde onaylanabilir ve finanse edilebilir. Başvuru süreci genellikle daha kolaydır ve çevrimiçi platformlar aracılığıyla gerçekleştirilir.
5. Çeşitli Kredi Türleri: P2P platformları, kişisel krediler, işletme kredileri, öğrenci kredileri ve daha birçok farklı kredi türünü destekleyebilir.
6. Çevrimiçi İzleme: P2P platformları, kredi geri ödemelerini izlemek ve otomatik ödeme işlemleri yapmak için çevrimiçi hizmetler sunar.
7. Riskler: P2P krediler, hem kredi verenler hem de kredi alıcıları için risk içerir. Kredi alıcıları, kredilerini geri ödeyememe riski taşıırken, kredi verenler de kredi alıcılarının ödeme yapmaması riskiyle karşı karşıya kalabilirler.

Yeşil Finansman: Yeşil tahviller ve yeşil krediler gibi finansal araçlar, sürdürülebilir ve çevre dostu projeleri finanse etmek için kullanılır. Bu şekilde çevre dostu girişimlerin büyümesi teşvik edilir (Ryan vd., 2017).

İnovasyon Kredileri: İnovasyon kredileri, yeni ürün veya hizmetlerin geliştirilmesi ve pazarlanması için kullanılmak üzere verilen düşük faizli veya geri ödemesiz kredilerdir.

Risk Sermayesi ve Melek Yatırımcılar: İşletmeler ve girişimciler, risk sermayesi veya melek yatırımcılardan finansman alabilirler. Bu kişiler, yüksek büyüme potansiyeline sahip girişimlere yatırım yaparak karşılığında hisse senedi veya başka değerler alırlar. Böylece girişimciler için startup ekosistemine ve finansmana daha iyi erişim, gelir yaratma ve istihdam yaratma açısından başarılı bir sonuç ortaya çıkabilir (Jacob, 2017).

Varlık Tabanlı Finansman: İşletmeler, varlıklarını teminat olarak kullanarak kredi veya finansman sağlayabilirler. Bu, özellikle ekipman, emlak veya envanter gibi fiziksel varlıkları olan işletmeler için yaygın bir finansman yöntemidir.

Satıştan Önce Finansman (Pre-Sales Financing): Ürünler veya hizmetler henüz piyasaya sürülmemişken, işletme müşterilerden önden siparişler alarak finansman sağlayabilir.

Bu yenilikçi finansman yöntemleri, geleneksel bankacılık ve kredi verme yöntemlerine alternatifler sunar ve işletmelerin farklı finansman ihtiyaçlarını karşılamalarına yardımcı olabilir. Ancak bu yöntemler, riskler içerebilir ve uygun düzenlemelere tabi olabilir, bu nedenle işletmelerin dikkatli bir şekilde planlama yapmaları ve profesyonel danışmanlardan destek almaları önemlidir.

SONUÇ

Turizm sektöründe önemli sayıda ana turistik destinasyondan alınan turizm vergilerinin, sektörün altyapısını ve hizmet taleplerini finanse etmenin etkili bir yolu olduğu görülmektedir (Duran-Roman vd., 2020).

Dijitalleşme her sektörde olduğu gibi turizm sektöründe finans sürecinde de önem kazanmaktadır. Dijital finansman, finansal işlemlerin, hizmetlerin, ürünlerin ve kaynakların dijital teknolojiler kullanılarak yönetildiği ve sunulduğu bir finansal hizmetler alanını ifade eder. Bu terim, geleneksel finansal hizmetlerin dijitalleşmesi ve finans sektörünün teknolojiyi kullanarak daha verimli ve erişilebilir hale gelmesi anlamına gelir.

Online alışverişler, para transferleri, fatura ödemeleri ve diğer finansal işlemler için kullanılan dijital ödeme platformları. Örnekler arasında kredi kartları, dijital cüzdanlar (örneğin PayPal, Apple Pay), banka havalesi ve kripto paralar bulunur.

Bitcoin ve diğer kripto para birimlerinin yanı sıra, turizmde Tripago (<https://www.tripagotravel.io>) gibi daha özel platformlar oluşturularak turistlerin uluslararası işlemlerde döviz bozdurma sorunu olmadan kullanılabilecek bir elektronik cüzdan oluşturulmasına olanak tanınıyor. Aynı zamanda, yeni start-up'lar ve firmalar , gerekli fonları elde etmek için şu anda bir ICO yürüten turizm derecelendirme hizmeti Let's Trip (<https://www.letstrip.io>) gibi, gelişimleri için fon toplamak amacıyla blockchain kullanıyor (Antoniadis, 202).

Dijital ödemeler, işlemlerin hızını ve güvenliğini sağlamak, katılımcı taraflar arasında güven ve sosyal sermaye oluşturmak için akıllı sözleşmelerle birlikte müşteriler (B2C) ve tedarikçilerle (B2B) kripto para birimleriyle birlikte kullanılabilir. Ek olarak, turizm firmaları, ziyaretçilerine sunulan deneyimi iyileştirecek yatırımlar ve yeni faaliyetlere genişleme için gerekli fona ve nakit akışına erişim sağlamak amacıyla İlk Para Tekliflerini (ICO'lar) kullanabilirler (Bell ve Hollander, 2018).

Dijital finansman veya finansmanda yenilikçi yöntemler, finansal hizmetleri kolaylaştırırken, müşterilere daha fazla erişim ve özelleştirilmiş hizmetler sunar. Ancak aynı zamanda siber güvenlik ve veri gizliliği gibi önemli konuları da beraberinde getirir. Bu nedenle dijital finansmanın gelişmesi, aynı zamanda güvenlik ve düzenleyici önlemlerin de güçlendirilmesini gerektirir.

Turizm sektöründe yenilikçi finansman yöntemleri, geleneksel finansman yöntemlerine erişimi olmayan işletmelere ve bireylere finansman sağlama imkanı sunar. Bu, turizm sektörünün daha çeşitli ve kapsayıcı olmasına yardımcı olabilir. Bunun yanında, yenilikçi finansman yöntemleri, işletmelerin daha hızlı büyümesine ve yeni pazarlara girmesine yardımcı olabilir. Bu, turizm sektörünün rekabet gücünü artırabilir. Aynı zamanda, yenilikçi finansman yöntemleri, turizm sektörünün daha sürdürülebilir olmasına yardımcı olabilir. Örneğin, iklim değişikliği ile mücadeleye yönelik projeleri finanse etmek için yenilikçi finansman yöntemleri kullanılabilir.

Turizm işletmeleri, değişen pazar koşulları, doğal afetler ve diğer beklenmedik olaylar gibi bir dizi riskle karşı karşıyadır. Yenilikçi finansman modelleri, risk yönetimi için daha esnek ve özgün çözümler sunabilir. Turizm, birçok bölge için ekonomik büyümeyi teşvik eden bir sektördür. Yenilikçi finansman, turizmin yerel ve bölgesel kalkınmaya katkısını artırabilir.
