

INTERNATIONAL CONFERENCE ON SOCIAL SCIENCES-CAPPADOCIA

Turgut Ozal Conference Center, Urgup, Nevsehir, Turkey

Conference E-Book

16 – 20 April 2018

Welcome to Cappadocia, Nevşehir

We are pleased to announce the **International Conference on Social Sciences – ICOSS Cappadocia**, which will be organized by CES Scientific Group and Nevşehir Hacı Bektaş Veli University at the Turgut Ozal Congress Center in Urgup between April 16 and 20, 2018. **ICOSS Cappadocia Conference** will be a scientific forum for scientists, researchers and students from different universities, institutions and organizations all over the world, who will present their research in the field of Social Sciences. The official languages of the ICOSS Cappadocia are English and Turkish, and will be adopted in all presentations & publications.

The ICOSS Cappadocia Conference offers opportunities for face-to-face discussion of participants' ideas and research, collaborative developments for new research and opportunities to find global and / or local partners for future projects. We look forward to your participation in the **ICOSS Cappadocia – Social Sciences Conference** to share your valuable work. We are pleased to welcome you to our **International Conference on Social Sciences (ICOSS)** which will be organized for the first time in the field of Cappadocia, which is the greatest of our country.

Cappadocia (named as “*land of the beautiful horses*”) is selected as the conference venue since it is one of the most fascinating and historical place in Turkey. It is also famed for its wine, valleys, underground cities, carved-from-rock churches & hotels, hot-air balloons, trekking and horseback riding tours. Owing to these prominent features of the place, participants will enjoy their stay besides benefiting from the conference.

The five- day ICOSS – Cappadocia'2018 conference that is going to be launched on April 16, 2018 in Cappadocia, Nevşehir, Turkey, provides a fruitful, international and unique forum for exchange of views among participants currently working in the areas of social sciences.

We hope you enjoy ICOSS – Cappadocia'2018 conference and your stay in Cappadocia, Turkey.

The participants (delegates, students and listeners) warmly invited to join us for the Opening & Award Ceremony that takes place in the main hall of the Turgut Ozal Conference Center, Urgup, Nevsehir, TURKEY., after the conference registration. It will be an entertaining and eventful introduction to the meeting. After the Opening Ceremony, the organization committee will give an award to the authors presenting the best paper(s) and the invited speakers.

Gala Dinner, Cappadocia Turkish Night Show, 20 April 2018 from 20:00 to 23:00.

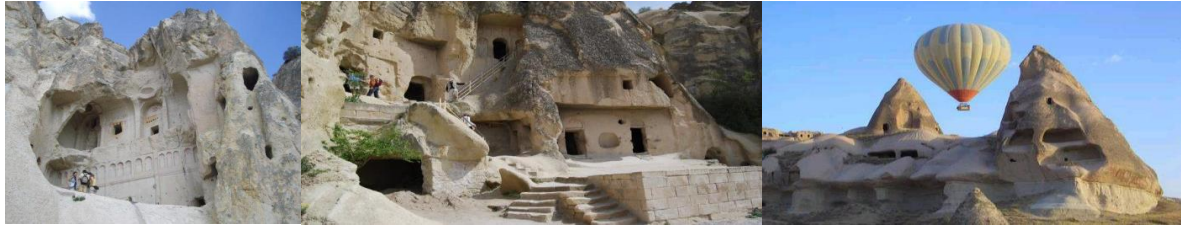

The gala dinner will take place in the Uranos & Sarikaya Cave Restaurant, Avanos. The participants (delegates, students and listeners) warmly invited to experience Turkish culture, traditions and meals by the performers in a Turkish Night Show.

Half Day Cappadocia Tour 17 and 18 April (please choose a day)

- Departure from Congress Center (13:30)
- Uçhisar (panoramic views of the Uchisar Castle)
- Esentepe (Göreme Panoramic View)
- Göreme Open Air Museum
- Zelve Valey
- Paşabağı (rock formations with three different caps)
- Avanos
- Devrent Valley
- Return to Congress Center (19:00)

Goreme Open Air Museum: Which is an amphitheatre of sample portions surrounded by steep cliffs leading to a pleasant, verdant valley, which puzzles every single visitor, by the interesting access to many of the caves. It is famous with its monastic complex of rock churches and chapel covered with frescoes.

Zelve Valley: Fairy chimneys with multiple stems and caps can be found here, this style being unique to this area.

Dervent Valley: Devrent is one km. from Zelve Valley. The ruins at Devrent are spread over three valleys, which also house several pointed fairy chimneys with large stems.

Avanos: A center of terra cotta work of art since 3000 BC., it is a town you will be invited to visit a traditional pottery workshop, which is possibly set deep into the hillsides.

“Flying in a hot air balloon is the best way to discover the deep valleys and rock formation of Cappadocia.”

Our experienced professional pilots will be delighted to take you on an unforgettable journey over Cappadocia.

Our balloons have been specially manufactured for our company by Lindstrand (UK) and Ultramagic Spain) in order you ensure a reliable flight of high quality. Termed as VIP model, our balloons are compliant with the latest EASA (European Aviation Safety Agency) criteria.

Our all passengers are insured by Anadolu Sigorta (Insurance) in accordance with the requirements of the IACO (International Civil Aviation Organization).

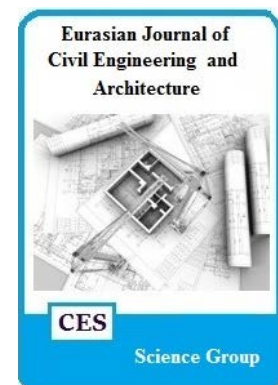

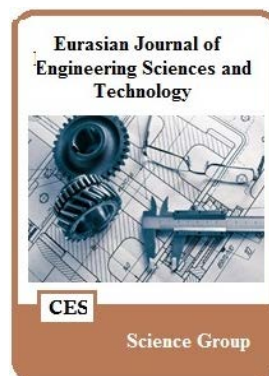

CES Science Group is initiated to meet collective goals of scientific community, especially in exchanging the ideas which facilitates growth of research and development. We specialize in publishing scientific journals and organizing conferences, meetings and workshops internationally to overcome the problem of good and direct communication between scientists, researchers working in same fields or in interdisciplinary research.

CES Science Group publishes international, open access, peer-reviewed electronic journals. These journals of CES Science Group include;

- Eurasian Journal of Environmental Research
- Eurasian Journal of Civil Engineering and Architecture
- Eurasian Journal of Engineering Sciences and Technology
- Eurasian Journal of Chemistry and Physic Science
- Eurasian Journal of Food Science and Technology
- Eurasian Journal of Agricultural Research
- Eurasian Journal of Biology and Ecology
- Eurasian Journal of GIS Mapping and Remote Sensing
- Eurasian Journal of Physcial Education, Reaction and Sport Sciences
- Eurasian Journal of Social Science
- Eurasian Journal of Education Sciences
- Eurasian Journal of Language and Literature

ÖZET

Bu çalışmanın amacı, sosyal bilgiler öğretmenlerinin bakış açısından öğretmenlik uygulaması dersine ilişkin görüşlerini ve önerilerini ortaya koymaktır. Araştırma nitel araştırma yöntemlerinden fenomenolojik araştırma deseniyle kurgulanmıştır. Araştırmanın çalışma grubunu İzmir'in Buca İlçesinde 2016-2017 bahar döneminde Sosyal Bilgiler öğrencilerinin uygulamasını yürüten 12 öğretmen oluşturmaktadır. Öğretmenlerin seçiminde kolay ulaşılabilir olması açısından amaçlı örneklem tercih edilmiştir. Araştırmada yarı yapılandırılmış görüşme yoluyla verilerin toplanması gerçekleştirilmiştir. Verilerin analizi için nitel veri analizi yöntemlerinden içerik analizi kullanılmıştır. Bu araştırmanın sonucunda, öğretmenlerin genelinin staj sürecinin kısa olmasını ve yeterince etkili olmamasını eleştirmektedir. Ayrıca öğretmenlerinin önemli bir kısmı aday öğrencilerin davranış ve tutumlarına yönelik süreçte olumlu gözlemlere sahip olduğunu belirtirken, bir kısmı ise adayların staja yönelik motivasyonlarının düşük olduğunu düşünmektedir. Uygulama öğretmenleri, öğretmen adaylarının motivasyonlarının düşük olmasının temel nedenlerini KPSS sınavının varlığı, atanamama kaygısı ve ders yoğunluklarının fazla olması vb. olarak sıralamışlardır. Bunun yanı sıra özgüven eksikliği ile uygulama sınıflarında zaman zaman karşılaşılan sınıf hâkimiyetine yönelik sorunların da öğrencilerin staja karşı isteksiz bir tutum sergilemesine neden olduğu ifade etmişlerdir. Çalışmanın sonucunda, danışman öğretmen ve öğretim elemanlarının öğretmen adaylarıyla daha nitelikli bir iletişime geçmesi zorunlu olduğu, bunlar yanında sıkça toplantı yapılması gerektiği ve mikroöğretim gibi teknikler kullanılarak öğretmen adaylarının uygulama esnasındaki gelişim süreci, aday-danışman öğretmen-öğretim elemanı üçlüsünün işbirliğiyle şekillendirilmesi gerektiği gibi önerilere yer verilmiştir.

Anahtar Kelimeler: öğretmenlik uygulaması dersi, sosyal bilgiler öğretmenleri.
